

## ATO FUSE HOLDER with LED

These ATO blade fuse holder has a single input design with a LED warning light. Thanks to the single input and multiple outputs makes it easier to install.

### TECHNICAL INFORMATION

Material:	Base	:	PBT (UL Flame: 94V-0)
	CAP	:	PC (UL Flame: 94V-2)
	Terminal	:	Vertind koper
Voltage Rating		:	32V DC
Input Terminal Rating		:	M5 threaded studs 100A max.
Input Torque Rating		:	20 in-lb about 2,25 Nm
Input Wire Size		:	4 AWG about 25mm <sup>2</sup>
Output Rating		:	30A max per circuit
Output Wire Size		:	10 AWG about 6mm <sup>2</sup>
Mounting Torque Rating		:	8 in-lb about 0,9 Nm
FUSE		:	ATO / ATC

Red LED indicates when Fuse is Broken  
Clear insulating Cover design for water and dust proof
